

SCHOOL BUILDING ADMINISTRATION

Acting with the approval of the District Administrator, Principals shall be the chief administrators of the schools. All personnel assigned to a building shall be directly responsible to the appropriate principal. Staff members who work in both high school and elementary shall be responsible to the appropriate principal during the time they are working in that level of instruction.

Each principal is charged with the supervision and direction of the staff and the students and with the care of the school facility and its equipment. They shall see that the rules and regulations of the district, the directives of its officers, and the guidelines for the instructional program are observed. Within the framework of the policies of the Board and the general rules and regulations set by the District Administrator, the Principal may establish and enforce such regulations, as they deem advisable for the efficient operation of his or her level of instruction.
